THE 10-MINUTE VIBE RESET

Before you begin

Silence what you can. Take one slow breath in... and let it go.
There is no right way to do this — honest beats perfect, every time.

STEP 1 · CHECK IN · 2 MINUTES

Pause long enough to notice how you're actually feeling.

Right now, I feel...

Where do I feel it in my body?

STEP 2 · CLEAR THE NOISE · 3 MINUTES

Identify what's taking more of your energy than it deserves.

Brain dump — everything on my mind right now:

Now look back at your list.

Cross out anything that isn't yours to carry today. Circle the one thing that needs you most.

STEP 3 · COME BACK TO YOU · 2 MINUTES

Reconnect with what you need — not what needs you.

BREATHE · 3 ROUNDS

In through your nose for 4 ... hold for 4 ... out slowly for 6.

With every exhale, come back home to yourself.

What do I actually need right now? (rest, movement, honesty, help, quiet, connection, grace...)

.....

.....

.....

STEP 4 · CHOOSE YOUR VIBE · 3 MINUTES

Decide how you want to feel — then take one small step toward it.

One word for how I want to feel today:

.....

One small action that supports that feeling:

.....

.....

*You don't need to change everything today.
Sometimes one intentional shift is enough.*
